

Newsletter

August 2008

Our meetings are still at Kazbors on 39th Ave, the 2nd Thursday of each month. Meetings start at 7:00, come early to eat. Our Cruise-ins are the 2nd Saturday of each month from 6-9 p.m. at the Publix Shopping Center on 39th Ave. near I-75, Springhill Commons.

OK-so we only receive two articles for the newsletter from the members! Therefore, this issue will be a little short and sweet because Helen and I have not been going to many cruises or car shows as of late. The weather is a factor, the Buick is having 2 head gaskets replaced, and our daughter has been having back problems. We have been taking her back and forth to the doctors and baby sitting our 2 year old grandson for the past month or so. In addition to that, Helen's computer crashed and we lost all the pictures she had taken of the shows we did attend. What a bummer month!!!

At our monthly cruise-in, for July, it was kind of a wash out..

It was raining for the most part. but we stayed, and got a little wet. but we had about 20 cars that hung with us. When we went to close up, Bewye had a flat tire on his trailer and it took about 5 street rods to get him back on the road.

August will be DRESS-UP night again..

We all decided at July meeting that you could dress-up as what ever or who every you wanted. Just dress up! Some ideas were, 50's -60's, hippies, surfers, western. Use your imagination and we will give you a great prize if your the best dressed!

July 25th Stark, cruise in was held at the Ford dealership. It rained and put a damper on the cruise in but the company was excellent, the food was not. Donny Bell was the pick for cruiser of the month, good job Donny! We had a good showing, Donny and Cheri, Walter and Sandy, Rick an Ann, Mike and Vicky, Irving and Irene and Helen and Sherwin. If we missed you, well you know the story. After the cruise in we stopped at Cowboys for a late snack

September is another BIG Door Prize night. If anyone can come up with a suggestions of what you thing will be a great prize and anything we can get at a discount let Sherwin know. He it thinking about a pop-up tent!

Please thank your officers for all their work

Mike and Vicky went on the Big Daddy super cruise 2 from Tallahassee to Ocala. There were not as many cars as expected but the cruise was great. They ended at the Garlits museum where Don greeted them and stood around and talked cars for awhile. They are hoping for a better turn out next year. All in all it was a good time for all.

Our next excursion was not to be! Saturday August 2nd, we started to go to Bellview for their cruise. We met Irving and Irene and Jim and his wife, at the X-rated book store at 301 and 26. Well it was wet, how wet you say? "WET"! Any how, Irving's Pontiac would not start, why you say! Well, it has a Chevy engine, -no! No!, I love Chevys, I even have a cat named Chevy. The Module in the distributor quit. Well after running up to Keystone Heights, the closest parts place that was open, it was about 6:00 p.m. when we got going again, and too late to go to the cruise in and still raining. So we went to Betty's Pizza for dinner. Not a bad cruise night after all! We saved gas, wear and tear on the cars, and had great companionship! What more can you ask for?

The Best Dog Gone Car Show In Town! Well, I sort of gave up on having a show with Beat the Heat. They will be racing on Saturday night and it's the wrong Saturday any how. They are talking about a Friday night show, Can't do!. We have the ok from the Management company at the Publix shopping center to do the Best Dog Gone Car Show on Saturday October 11th, at the property we used last year. The RE/MAX Balloon will be there, now all I need is money to do the rest!

Our Meeting in July went well. Rick and Mike are still working on finding just the right spot for our big show in March. They mentioned several spots that really sound promising. It was agreed that if they get approval from the land owner on any of the good spots they have the go ahead to lock thing up for us. We also talked about the Best Dog Gone Car Show In Town and the fact that Ocala has scheduled a show the same day as we were planning. We may change the date. Sherwin will check things out and see what we can do.
